If you are planning on hosting *Walk a Mile* virtually, please send an email to outreach@jrsusa.org. Our team can provide you with technical support, identity cards, slideshows, and supplemental materials to help make your event a success. We are so excited to work with you!

HOW TO CHOOSE A VIRTUAL PLATFORM

We recognize that there are many different platform options for hosting a virtual event. Many institutions currently choose to run events over Zoom, as it can create a more interactive experience for participants through their “polling” feature. Consequently, this sheet walks event coordinators through how to best use Zoom to create a digital *Walk a Mile in My Shoes* exercise. Should your organization choose to use a different virtual platform, such as Facebook Live or Microsoft Teams, please reach out to outreach@jrsusa.org to discuss how to make your event a success!

ASSIGNING ROLES FOR LEADERS

The following is a list of people and tasks to consider for hosting a virtual event. This is not a comprehensive list, but rather a way to get you thinking about how to divide up the work to have a successful virtual experience.

Role:	Responsibility:
Host/Pollster	Must be the host of the virtual meeting. In charge of scheduling the meeting ahead of time and starting the meeting 40 minutes early to input all questions into the poll function and launching the correct poll at the correct time during the exercise.
Screen-sharer	Must be a co-host of the virtual meeting. In charge of displaying the presentation and moving through the slides.
ID Card Distributors	In charge of creating and executing a way to individually get ID cards to participants through the chat function at the start of the event.
Monitor	Must be a co-host of the virtual meeting. In charge of keeping an eye on the chat to troubleshoot technology issues and answer questions.
Presenters	In charge of writing scripts for each station and reading them at the appropriate times during the event.
Communications/Marketing	In charge of advertising the event, making sure that registrants have the event zoom link, and sending a follow-up thank you email with next steps.

HOW TO USE IDENTITY CARDS

The ID Card Distributors will use the JRS provided identity cards to privately message every event participant. Wait about five minutes until everyone has joined the event. Then, have the ID Card Distributors send an identity card to every participant. Make sure that one person is in charge of sending an ID card to anyone who comes in late. We suggest these ID cards are sent to people using the individual chat function, as it will give the exercise more of an intimate feeling and help participants enter into the exercise.

HOW TO MOVE THROUGH THE STATIONS

JRS has prepared a slide show that was specially designed for a virtual Walk a Mile in My Shoes. You can obtain the slide show and other helpful information by sending an email to outreach@jrsusa.org. The photos in the slide show depict each Walk a Mile in My Shoes station as presenters talk about that particular station. We recommend that you talk with your team beforehand to come up with a script for each station, decide who will be in charge of screen sharing the slideshow, and discuss who will read each part.

For example, to keep participants engaged, we recommend that you use the poll feature on Zoom at the beginning of every new station. Please visit Zoom's Polling Page for more information about setting up polls. We recommend having a test run with members of your group a week before the event to ensure that everything goes smoothly. Below are some suggestions as to what you can use for poll questions.
