

## UNITY AMONGST NATIONS AND LOVE FOR ALL MANKIND

### 1. Unity among all

We should always stay united no matter what the circumstances. Despite our diverse culture we should get along with each other, rather than fighting over silly things. We can talk them out peacefully. 'Unity is strength' it's a saying widely known by many people yet no one follows it all because of their own selfish needs and therefore I think God wants us to live united with each other.

### 2. Love one -another

We are all gods' creation. Would you like the idea of your children fighting with each other? The answer is definitely "no" and just like us, we being his children he doesn't like the idea of his children fighting too. He wants us to love each other and always stay united with each other. Jesus said "Love One another just as I have loved you".

### **3. Not to discriminate others**

We all know that God created us in his own image. We are not only created by him but we are also created in his own image and discriminating his creation is like insulting his art. We must treat everyone equally no matter what gender, cast, religion may it be.

### **4. Protect our nature**

Nature is also his prized creation! Just like how he made us with so much love and care, in the very same way he created nature; how sad it would be for him to see, us destroy his prized creation! Hence he is asking us to take care of his creation rather than destroying it. We are making weapons to destroy one another and the nature.

### **PRAYER:-**

Almighty eternal God, we pray today, that you may move our hearts and help us love one another. Help us to work in unity no matter how hard the circumstances are or how easy it is. We may never leave each other but support one another and always be together, united in your presence. Lift our minds that we may be responsible for our every action, work and deeds. Lord open our minds and hearts so that we may be like you. Lord give us the strength to spread your word and preach them to others. Today, Lord we ask your pardon for destroying your creation and not respecting and protecting it. Lord we will protect the creation that is made by you. We will love it just like we love you. Lord shower you blessings upon us always. This prayer we make in Jesus name. AMEN.
