

The Society of Jesus in Latin America and the Caribbean signs the Global Compact on Education

The members of the religious communities, the works and apostolic presences of the Society of Jesus in Latin America and the Caribbean adhere to the Global Compact on Education, proposed by Pope Francis on October 15, 2020.

We want to invest our talents and our apostolic ardor to contribute with courage and audacity to the construction and implementation of a new cultural model where each human being feels respected in his dignity and freedom.

For this, we commit ourselves, in a particular way, to join our efforts in promoting the universal right to quality education, to partner with those who are already working on the development of redistributive and fairer public educational policies, and to invite many to adhere to this cause.

We signed this Compact on the liturgical feast of Our Lady of Guadalupe, so that her example of caring for the vulnerable does not allow us to waver in our commitment.

December 12, 2020.
